

# JULY 2024 NEWSLETTER

## WARMEST REGARDS FROM EVE INTERNATIONAL FOUNDATION

Dear EVE Community,

On behalf of Her Royal Highness Lady Julia Osei Tutu and the Board of EVE International Foundation, we extend our warm regards to all EVE Members and Stakeholders.

Welcome to the July edition of our newsletter, where we recap the exciting activities and achievements of EVE International Foundation. It has been a dynamic month filled with significant milestones and impactful events.

## MENTORSHIP MAGIC

Our ongoing More Women Leading mentorship initiative fosters meaningful connections between mentors and mentees. Several mentees had initial meetings with mentors, resulting in valuable insights and guidance. Notably, one of Oheneyere Gifty Anti's mentee, Priscilla, achieved a remarkable milestone by becoming the Tema Supreme Leo Club's President. This accomplishment was a proud moment for Oheneyere Gifty Anti.

Intriguing connections are about to blossom! Sheila Frempong kicks off her mentorship program by meeting her mentees, Amina and Ernestina, for the very first time. We're thrilled to witness the journey of growth and the powerful bonds that will be forged!

Amina and Ernestina shared these insights.

"Our mentor gave a brief story of her personal experience when it came to leadership in the workplace. She told us how she managed to keep her head up through the challenges because she always knew where she was going and where she wanted to be. She added that, we should like what we are doing and do it with passion. For without passion, we would not be able to keep pushing when we encounter these challenges along the way. Also, she told us setbacks will come, we should learn to be confident in ourselves and set our goals. When you have goals you want to achieve, you will be focused on them and be able to push through come what may. Again, she said to us "know where you are and where you want to go with this."

## **Tips for Mentoring**

*Mentors are not expected to solve mentees' problems for them, but part of the role is to function as a sounding board for discussion of issues identified by the mentee. Through a confidential process of listening and questioning, mentors should help mentees to reflect on their own progress, clarify issues and help them.*

## UPDATE ON CAREER DEVELOPMENT WORKSHOP ON HIGH-PERFORMANCE LEADERSHIP

We recently organized a highly successful Career Development Workshop on Performance Leadership at Aruba Hotel in Aburi from 28th to 29th June, 2024. The workshop covered essential topics such as conflict management, imposter syndrome, leadership styles, time management, and self-awareness. We were honoured to host 23 distinguished women leaders from various institutions who have provided positive feedback on the session's relevance and effectiveness.
